

BEACH CANAL LIGHTHOUSE GROUP ANNUAL GENERAL MEETING

13 NOVEMBER 2022

Call for Nominations to the Executive Team

Join us!

This is an exciting time for the Lighthouse Group. Preparation work for moving the Lighthouse to a new permanent location is underway. Plans are in development for the protection and restoration of the Cottage.

There is still so much to do: strategic plans, fundraising, public programming development, social media and website expansions and much, much more.

Our Lighthouse will become the centrepiece of a Fisherman's Wharf development that will offer the community many reasons to visit. A Marine Museum Interpretive Centre may be part of the project.

So why not join the Executive Team or one of the Working Teams that report to the Executive? You can do research, policy development, website posts and virtual exhibits, fundraising and grant development. You can plan for the restoration of the cottage. You can join develop and run special events. Everyone is welcome.

If this sounds like fun, contact Ian Kerr-Wilson, Chair of the Executive Team at iakerrwil@gmail.com.
